

Solavita

SWBS 5.12kWh

Low Voltage Battery

MODEL

SWBS5120-L1

Stack mounting to save installation time and cost

IP66 outdoor design

90% discharge depth

Small size, light weight, easier to carry and install

Model		SWBS5120-L1
Features		
Battery Module Type	Lithium Iron Phosphate (LFP)	
Total energy [kWh]	5.12	
Usable Capacity (90%DOD) [kWh]	4.608	
Rated Voltage [V]	51.2	
Operating Voltage Range [V]	45.6~56.16	
Recommended Discharge Current [A]	50	
Battery Roundtrip Efficiency	> 95%	
Recommended Depth of Discharge	90%	

Operating Conditions	
Installation	Indoor (Stacked)
Operation Temperature [°C]	-10~55
Storage Temperature [°C]	-20~55
Cooling Concept	Natural Cooling
Humidity	5%~85% (Non-condensing)
Altitudes [m]	≤2000

General Data	
Dimensions(W*H*D) [mm]	360*652*198.5
Weight [kg]	57

Certification	
Safety Regulation	IEC62916、IEC62040-1、IEC63056、VDE2510、CE、CEC
EMC	EC61000-6-2/4
Deliveries	UN38.3
Protection Level	IP66
